YOAKUM District

The Texas Department of Transportation (department) has a state highway project in DeWitt County, on State Highway 72, that requires the relocation of utility facilities. The City of Nordheim owns certain of these utility facilities.

Transportation Code, §203.092(a-4) authorizes the Texas Transportation Commission (commission) to determine that certain publicly-owned utilities are eligible for utility facility relocation at the expense of the state. The City of Nordheim has requested that the commission determine that the relocation of their utility facilities be at the expense of the state. The department estimates the amount of expense will be \$1.39 million.

The commission finds and determines that the City of Nordheim meets the eligibility standards contained in that statute and that the department's expenditures under Transportation Code, §203.092(a-4) and Texas Administrative Code, Chapter 12, Subchapter B, Rule 21.25, including the request by the City of Nordheim, will not exceed the fiscal year limitation contained in the Transportation Code §203.092(e).

IT IS THEREFORE ORDERED by the commission that the relocation of the City of Nordheim's utility facility required by the improvement of the state highway system is an expense of the state to be paid by the department.
